

AYLESFORD FOOTBALL CLUB NEW PATH PROPOSAL

 New Path Location

Material: Wooden Edging & Type 1 base.

Width: 1.6m
Length: 100m Approx

To go around the outside of the 3G on the current lease land of the football club

Aylesford Football Club would like to implement a new path around the outside of the 3G pitch (Waitrose Side current waste land) to allow better accessibility for our disability players & over 50s walking football and allow the current car park which is underutilised due to it having a lack of access to the facility. The path will enhance the accessibility of the site and improve parking congestion in the current Parish owned car park. While improving the current site. Its is hoped once approval is obtained that the new path can be instated by the end of June.
